Mountain Home School District 193
Student Code of Conduct and Responsibility for Participation
Agreement in Extracurricular and Co-curricular Activities

I. Policy Statement/Code of Conduct

Students participating in extracurricular activities and co-curricular activities must realize these are special opportunities that in most cases will only occur during their junior and senior high school years. When a Mountain Home High School student visits another school, he/she represents everything that is associated with their activities or sports. This includes all the hard work and extra time it takes to become a successful team or organization. In some cases, the students will be wearing the school colors and a uniform that represents pride in the school and its traditions. These students represent the school, coaches, fellow participants and the community...it is a tremendous responsibility and honor.

Our school district considers participation in extracurricular and co-curricular activities to be a privilege. As a student participating in an extracurricular and co-curricular activity, it is your responsibility to conduct yourself according to the highest standards of behavior at all times. Students in school or

involved in school activities either on or away from the school premises are expected to obey their school officials, respect property, maintains order and decorum and conduct themselves in a manner as to bring credit upon themselves and their school.

Participants who fail to follow or adhere to established rules and policies will be disciplined according to procedures listed below and their opportunity to participate in further extracurricular and co-curricular activities may be limited or denied.

Definition of Extracurricular and Co-curricular Activities

Extracurricular Activities are defined as those activities that take place outside of the regular school day and do not involve class credit.

Co-curricular Activities are defined as any activity held in conjunction with a credit-bearing class but outside of the regular school day including, but limited to, activities such as debate, drama, band, and choir.

II. Academic Requirements to Participate in

Extracurricular & Co-curricular Activities

All participating students in extracurricular and co-curricular activities are expected to place their academic requirements above all else and devote their attention to achievement in the classroom.

Extracurricular and co-curricular activities are considered a privilege and a supplement to a student's overall education.

In order to participate in extracurricular and/or co-curricular activities, a student must comply with Rules of the Idaho High School Activities association (IHSAA) governing academic eligibility.

The athletic director or activity advisor will provide a list of ineligible students to coaches, sponsors and directors five (5) days following the end of the semester. A student will be allowed to participate until the list is made available. A student will be declared ineligible on the day the coaches; sponsors or directors receive the list of ineligibility.

A student must attend at least two periods for the high school & three periods for the Jr. High the day of a

scheduled school activity or athletic event when classes are in session in order to participate in the extracurricular and/or co-curricular activity. Failure to attend school will make a student ineligible for participation of that day's extracurricular and co-curricular event.

All students involved in extracurricular and co-curricular activities are responsible to make arrangements with teacher regarding assignments, makeup tests or other responsibilities prior to departing school for such events.

III. Prohibited Conduct and Consequences

A. Policy Statement:

It is the policy of this school and the school district that a student participating in extracurricular and co-curricular activities shall not engage in the prohibited conduct described herein below, in school or out of school, at any time during the scholastic year, as defined as the beginning of the fall sports/activity season and ending the last day of the school year. 3. Third Offense:

The student may be dismissed from the extracurricular and co-curricular activity for the remainder of the season or duration of the activity.

First Infraction:

In Season: The first infraction results in a suspension from participation for the remainder of the season. Before the student/athlete participates in another activity they must complete 10 hours of community service. The nature of that service will be determined by school administration. If needed, the student must also complete a substance abuse class through the school before returning to another activity.

Out of Season or In-Between Season: If the student/athlete is out of

season or in-between seasons, they will serve a mandatory 3-week suspension from the next sport they participate in.
