Evaluation

Bids shall be evaluated according to the following rubric, with a description of the items below.

Vender Selection Rubric	Possible 100 points
Total Cost	35
Services Match Current and Future Needs	30
Reliability of Vendor	20
Incident/Inquiry Response Time	15

Total Cost: How much does the product or service cost in comparison to that of other vendors? Lower cost = higher score.

Services Match Current and Future Needs: Best match now and for the foreseeable future.

Reliability of Vendor: What are the statistics for reliability? Is the vendor a startup company?

Incident/Inquiry Response Time: How soon does the vendor respond to questions and/or trouble tickets? Does the vendor remain engaged in the issue until it is resolved?

Bid item numbers and descriptions should be included on all bids. Bids not meeting the minimum requirements for the service or hardware requested will not be considered.

E-rate Category Two

2c. Single Mode Fiber Run

Product or Service Description

Run single mode fiber from each IDF to each MDF in each location. Cable must support a minimum of 10 Gbps symmetrical synchronous data connections between one switch in each IDF to one switch in each MDF. 2 SFP+ modules compatible with the fiber connector must be included in each bid for each cable run. The modules must be at a minimum 10 Gbps capable and compatible with Juniper 3200, 3300, and 4200 switches. Non-scale maps for each run can be obtained by request. Walkthrough are recommended and available by request. Some run will be between buildings on some campuses.

Non-Appropriation Clause

Due to the adherent volatile nature of funding sources, the district, at its sole discretion, may cancel any contracts from vendors. Cancellation of contracts shall absolve us from future costs for services not received. The district is not required or liable to remain in an annual contract, nor is it responsible for payment of future services, monthly or annually, not received. The district will give the vendor 30 day notice to cancel services and shall not be held liable for services beyond 30 days notification.

If the District does not qualify for ERate funding this contract is to be considered null/void and the District will be able to make the necessary changes to post a new RFP which will qualify for ERate funding. The District will give the vendor 30 day notice to cancel services and shall not be held liable for services beyond 30 days notification.
