Subject: Policies in Cycle for Review for 2017-18

Good morning MHSD – the following policies/procedures/non-policy procedures/forms may be reviewed/revised/adopted/deleted during this school year and can be found on the district website under Departments>Policies & Procedures>Policy Review.

Only those policies that are being adopted, deleted, or revised will go before the Board for three readings. Policies that are being reviewed with no changes, or being deleted, or are considered an emergency, or as directed by state and federal laws, will go before the Board for one reading only. Non-policy Procedures are approved by the Policy Committee and not by the Board.

The policy list is not in any particular order, but just a list of the policies in cycle for the 2017-18 school year.

The Policy Committee Meeting schedule is on the districtwide calendar, which is found on both the building webpage and the district webpage. The schedule may change at any time. The first scheduled Policy Committee Meeting is September 11, 2018, at 9:00 a.m.

Policy Committee members may be contacted via the Policy Review webpage (Department>Policies & Procedures>Policy Review).

Please review the Policy Review webpage regularly, as this page is frequently updated and additional policies may be added.
