Canvas

What is a Learning Management System? A Learning Management System (LMS) is a way to simplify teaching and learning by connecting all digital tools teachers, students and parents use into one place.

Why are teachers using Canvas?

Teachers can use Canvas to:

- Personalize learning for students
- Receive and grade student assignments, discussions, and quizzes.
- Easily align assignments and rubrics to standards and/or learning objectives.
- Provide students with written, audio, or video feedback and multiple revision/submission opportunities.
- Organize all work and course-related events into one, drag-and-drop calendar.
- Push course notifications to students via email and text.

Why might a student benefit from working in Canvas?

Students can use Canvas to:

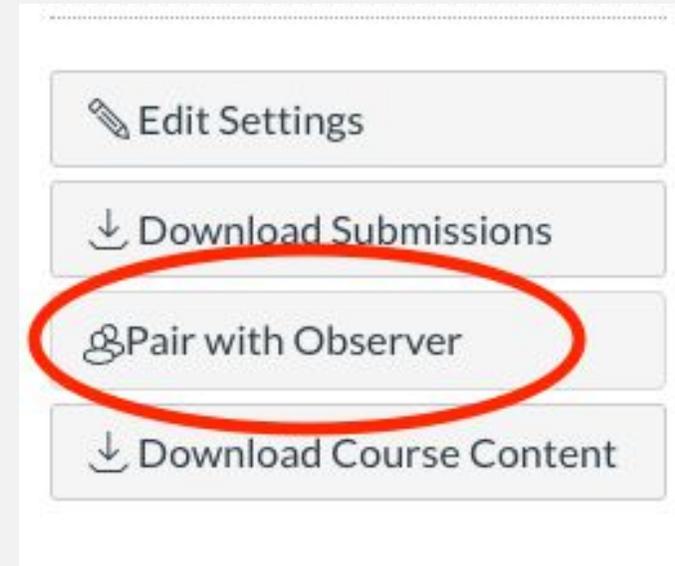

- Access class materials (calendar, assignments, quizzes, etc.) online using any device or any browser.
- Track their progress through ongoing teacher feedback tools.
- Receive course announcements, grade notifications, etc. instantaneously on their preferred device(s).
- Easily collaborate with peers and teachers.

You need a PAIRING code

- Your child(ren) can generate a code through their Canvas (web version)
- They need to log into their Canvas account and go into their settings

On the right hand side of the screen you will select the "Pair with Observer" option.

IMPORTANT:

A pairing code is only good for one parent. You will have to generate another code to add another observer.

Create Your Account

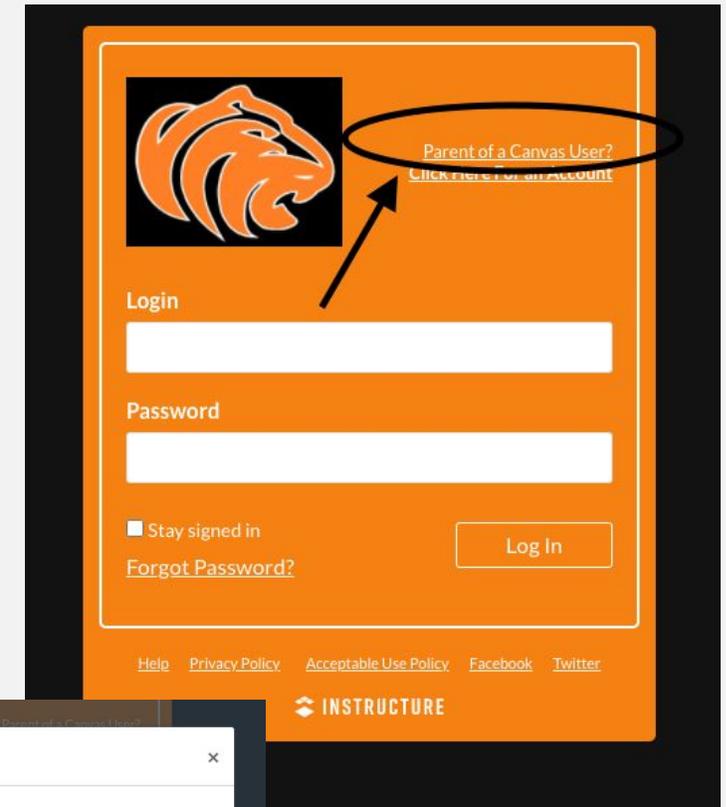

Visit the URL of your school's Canvas instance:

<https://mtnhomesd.instructure.com/login/canvas>

OR

Download the Canvas Parent app and create your account there

Select "Parent of a Canvas User"

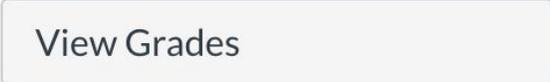

A screenshot of the "Parent Signup" form. The form has a title bar with "Parent Signup" and a close button. It contains several input fields: "Your Name", "Your Email", "Password", "Re-enter Password", and "Student Pairing Code". To the right of the "Student Pairing Code" field is a link that says "What is a pairing code?". At the bottom of the form, there are three buttons: "View Privacy Policy", "Cancel", and "Start Participating".

Fill out the parent sign up page including the pairing code from your student

View Grades

Take a peek at your child's progress

Select "View Grades" from the dashboard to view grades for all of your kids in one place.

View Grades

This will show the cumulative grade for the student

Or select a course dash card from the dashboard > grades for more detail

Assignments		Learning Mastery		
Name	Due	Status	Score	Out of
Rose and Thorns	Aug 19 by 11:59pm			15
Name Card	Aug 20 by 11:59pm		-	25
Individual Assignment: [Title Here]			-	0
Quiz: [Title Here]			-	0
Assignments			N/A	0.00 / 0.00
Discussions			N/A	0.00 / 0.00
Individual Assignments			N/A	0.00 / 0.00
Quizzes			N/A	0.00 / 0.00
Special Projects			N/A	0.00 / 0.00
Total			N/A	0.00 / 0.00

Dashboard

Help Manage which courses belong to which child!

- Color code each child's course tile
- Rename each course tile with a nickname
- Rearrange dashboard tiles

Dashboard

Submission Comment	<input checked="" type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> X

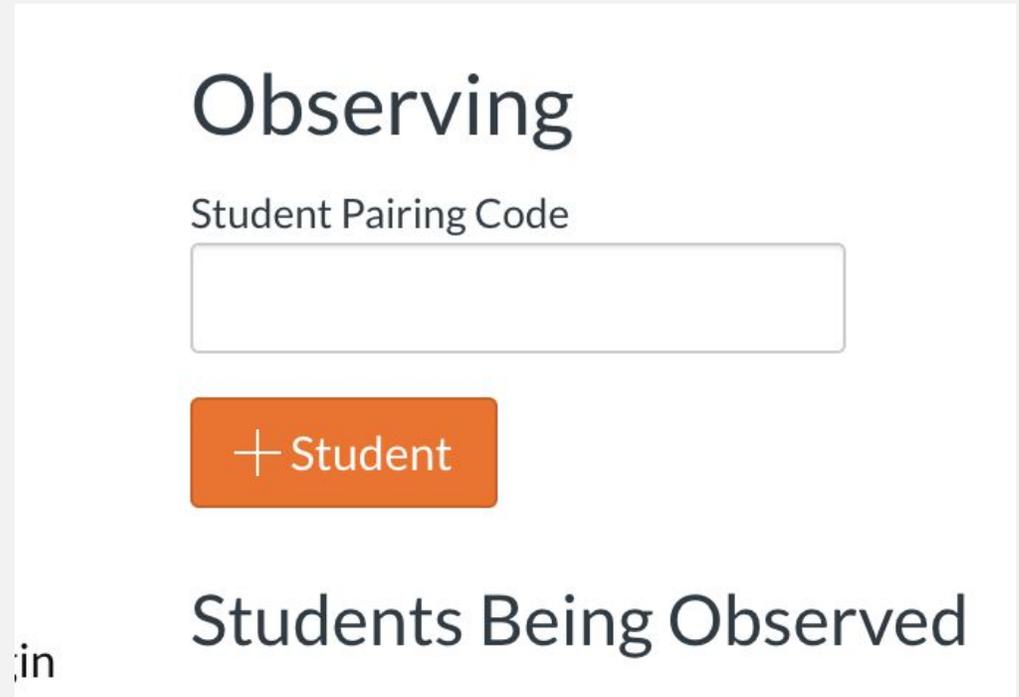

Include scores when alerting about grades. If your email is not an institution email this means sensitive content will be sent outside of the institution.

Multiple Pairing Codes

If you have multiple students in the district you will do the following to add the others to your Canvas parent account. Go to your Observing under the Account button.

You will then put in the other pairing codes you have gotten from the student's Canvas

Calendar

Use the Calendar

View calendar events by week, month, or agenda list. Up to 10 course and group calendars can be shown at one time

Icons that you might see:

QUIZ

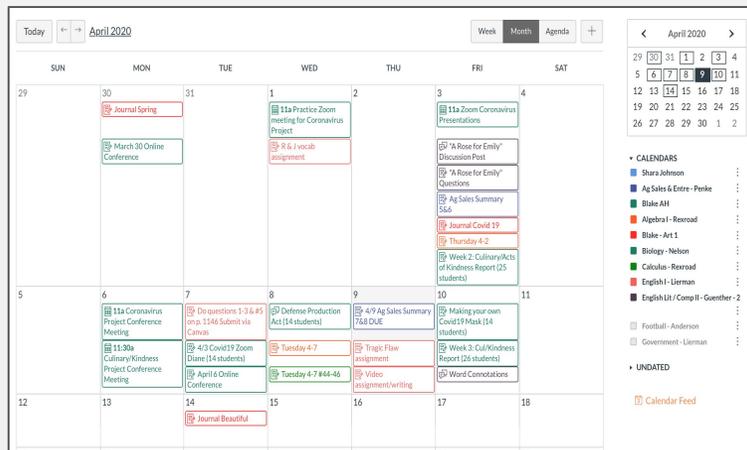

DISCUSSION

EVENT

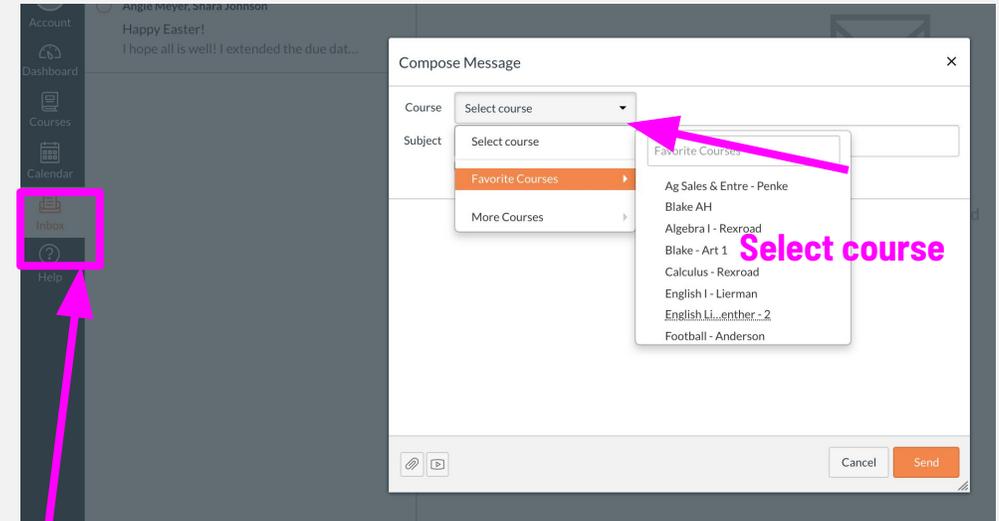

ASSIGNMENT

Message A Teacher

The Canvas inbox allows you to communicate with teachers

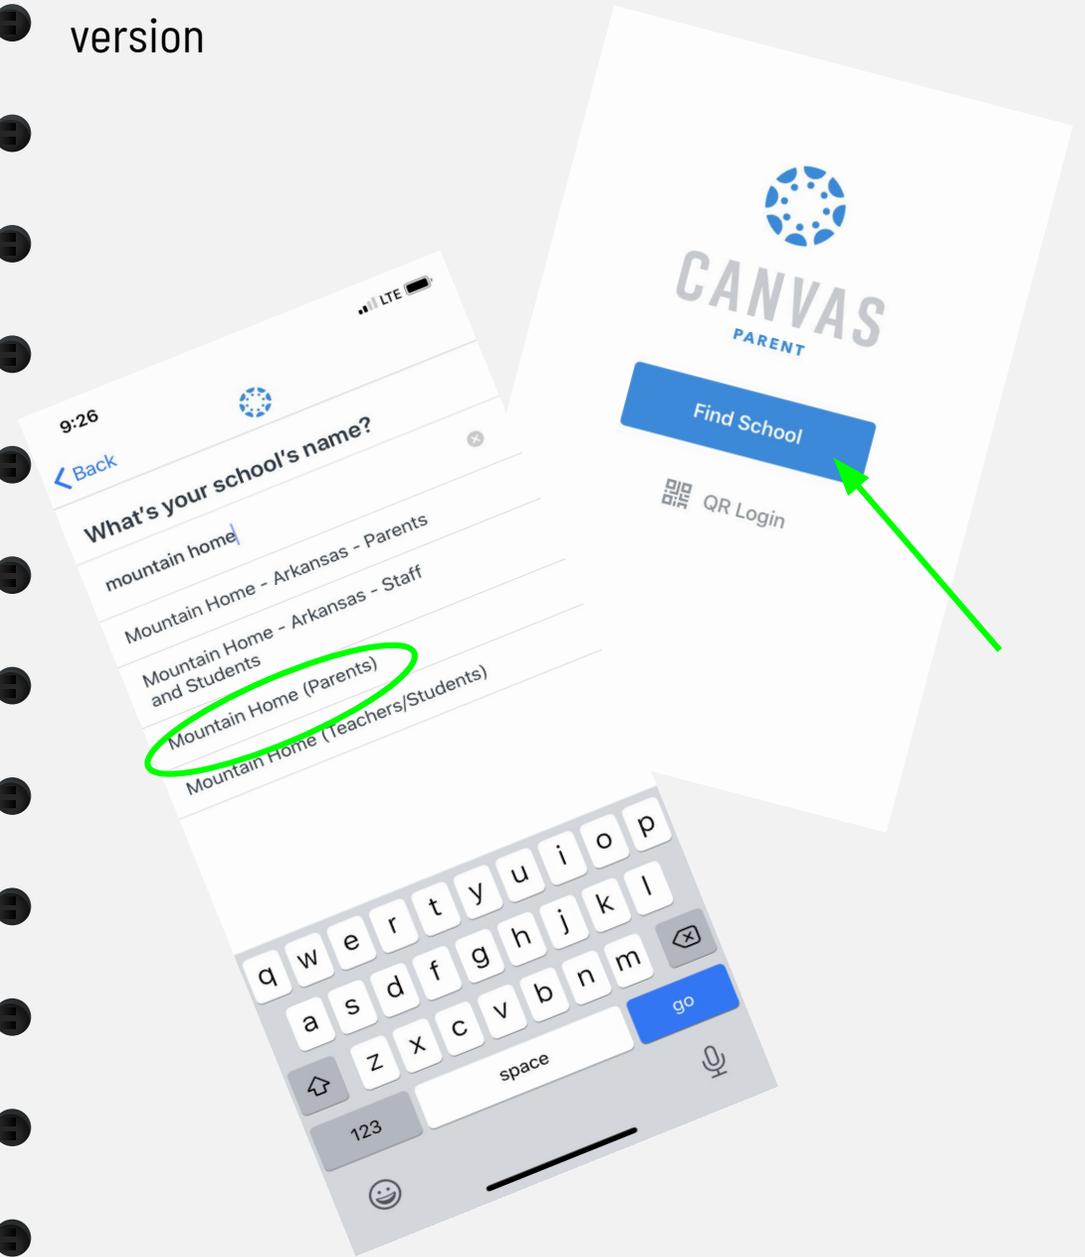

Canvas Parent App

Download the "Canvas Parent" App and have access to your student's progress at your finger tips!

The Canvas App is available on Android and iOS devices

The app use the same login information as the web version

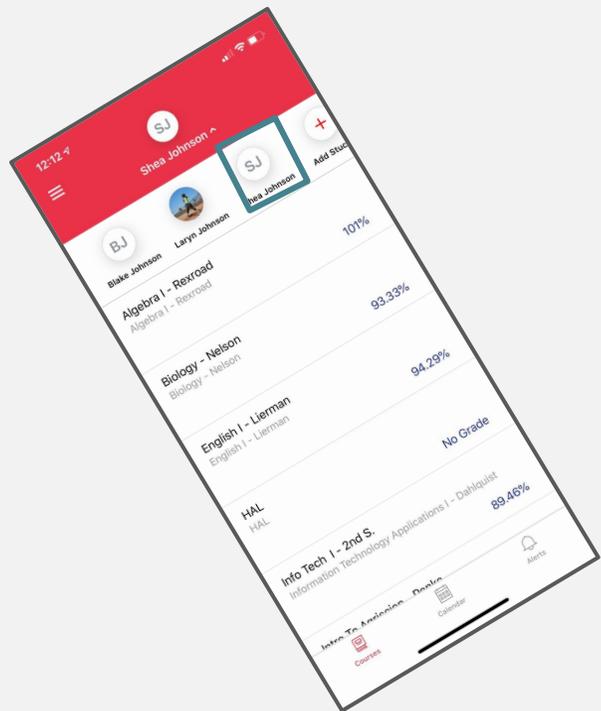

View Courses

Toggle between students to see their courses

The default view shows the course and current grade

Tap the course name for more information

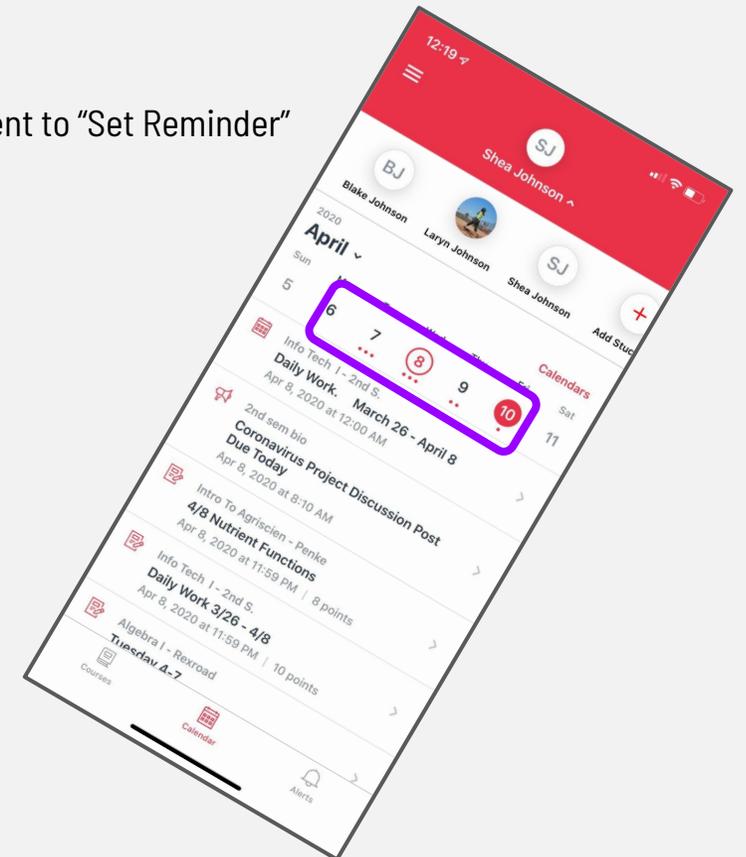

View the calendar on the app!

- Check out the heat map or dots under the dates!

Allows you to see events and assignments for one student at a time.

Multiple dots let you know that there are multiple assignments or events

Select the assignment to "Set Reminder"

Set Alerts!

Be in the KNOW!

Manage Alerts for your linked children including:

- ★ Course grades
- ★ Missing Assignments
- ★ Assignment Grades
- ★ Announcements

Go to "Manage Students"> select student> adjust alerts

The screenshot shows a user interface with a sidebar menu on the left containing the following items: "Inbox", "Manage Students" (circled in orange), "Help", "Change User", and "Log Out". An orange arrow labeled "Manage Alerts" points to an overlay window titled "Alert me when:". This overlay lists several alert categories with their corresponding settings:

Alert Category	Setting
Course grade above	1-100%
Course grade below	1-100%
Assignment missing	<input type="checkbox"/>
Assignment grade above	1-100%
Assignment grade below	1-100%
Course announcements	<input type="checkbox"/>
Institution announcements	<input type="checkbox"/>

At the bottom left of the main interface, the version number "v. 3.2.3" is displayed.
