Transportation of open enrolled students is the parent's responsibility. However, open enrolled students may ride a bus to and from school if parents transport the student to an existing zone bus stop within the boundary of their requested school and if there is room for the student on that existing zone bus route.

It is the parent's responsibility to contact Caldwell Transportation Company to determine availability, bus stop location, and route information. Transportation for open enrollment students will not be provided until a determination can be made whether or not space is available on a particular bus. This determination may not be made until after the first 2-3 weeks of school.

I have read the school district procedures on Open Enrollment and hereby request that my son/daughter be permitted to attend the requested school listed above. I understand that the district reserves the right to remove an open enrolled student at any time because of school or program overcrowding, unacceptable behavior, false or misleading information on the application, lack of academic progress, poor attendance, issues with late arrival/pick-up times, or other circumstances that interfere with the learning environment as determined by the Superintendent or designee.
